Youth packages are available through Essilor labs use Crizal Kids UV™ or Crizal® Prevencia® Kids. Both include backside UV, but don't charge extra for the coating when members choose these packages.

If you dispense a lens not on this list (including "house brands"), charge the member based on the lens that most closely matches the features and benefits of the lens dispensed. Please see the Luxottica Lab Services and Essilor product catalogs for the product available through network labs.

Lens materials with approved blue light benefit

Some lens manufacturers offer a blue light filtering benefit that is an add-on to the Lens Material. Please see the list of approved Blue Light Filtering Materials that will drive to a Blue Light Filtering Benefit.

- Blue Tech Indoor & Outdoor
- Clear Blue Filter
- Essential Blue Series
- KODAK UVBlue
- Oakley® CL Blue
- ZEISS Blue Guard

EyeMed Vision Care has sole discretion of the placement of products and reserves the right to make changes to products within each tier and any member out-of-pocket amount.

*Fixed pricing is reflective of brands at the listed product level. All providers are not required to carry all brands at all levels.

**If Premium Tier 4 Lite progressive and/or Tier 5 progressive is not listed within the benefit details on EyeMed.com's Member Web, the member benefit should mirror Premium Tier 4 progressive.
